St Arnaud Primary School is committed to creating a school community where all members of our school community are welcomed, accepted and treated equitably and with respect regardless of their backgrounds or personal attributes such as race, language, religious beliefs, gender identity, disability or sexual orientation so that they can participate, achieve and thrive at school.

St Arnaud Primary School will:

We follow a School Wide Positive Behaviour Support (SWPBS) framework that brings together our school community to develop a positive, safe and supportive learning culture. Our School Values are the foundation of the SWPBS framework at St Arnaud Primary School.

SWPBS assists in improving social, emotional, behavioural and academic outcomes for our students and helps to develop positive and respectful relationships among students and staff.

St Arnaud Primary School has developed a strong partnership with our local McCallum Disability Services. Under the banner of McCallum Learning staff from both organisations plan activities for our senior students and the clients of McCallum where they work together and develop positive relationships. Our students' understanding of diversity and inclusion have further developed since the beginning of the partnership in early 2021.

We recognise, acknowledge and celebrate when we can a range of culturally significant days including and not limited to:

Students who may have experienced or witnessed this type of behaviour are encouraged to speak up and to let their teachers, parents or carers know about those behaviours to ensure that inappropriate behaviour can be addressed.

Reasonable adjustments for students with disabilities

St Arnaud Primary School also understands that it has a legal obligation to make reasonable adjustments to accommodate students with disabilities. A reasonable adjustment is a measure or action taken to assist students with disabilities to participate in their education on the same basis as their peers. Reasonable adjustments will be made for students with disabilities in consultation with the student, their parents or carers, their teachers and if appropriate, their treating practitioners. Our school may consult through Student Support Group processes and in other less formal ways.
